CAREER OBJECTIVE

Motivated BCA graduate skilled in **React.js** and currently expanding knowledge in the **MERN stack (Node.js, Express, MongoDB)**. Seeking an entry-level Developer position to build user-friendly, responsive, and robust web applications in a collaborative environment.

TECHNICAL SKILLS

Languages: HTML5, CSS3, JavaScript (ES6+)

Frontend: React.js, Tailwind CSS, Bootstrap

Backend/Database (Learning): Node.js, Express.js, MongoDB

Tools & Version Control: Git, GitHub

TRAINING

MERN Stack Developer Trainee   **July 2025 – Present**

Devex Hub Pvt. Ltd., Mohali

Currently pursuing a **MERN Stack Developer course**, focusing on advanced React.js features and actively learning backend development using **Node.js, Express.js, and MongoDB**. Working on full-stack features, ensuring responsive design, and collaborating in Agile teams using Git/GitHub.

PROJECTS

- **News Website:** Developed a responsive single-page application using **React.js** to fetch and display real-time news headlines and articles via a **third-party REST API**. Features include category filtering and dynamic content loading.
- **Office Task Manager:** A productivity app built using JavaScript and CSS Grid, allowing users to create, update, and delete daily tasks with a clean and responsive layout.
- **Movie Website:** A responsive React-based web app fetching real-time movie data via external REST APIs, displaying film information dynamically with interactive design.
- **Country Explorer:** Developed in React 19 using API and ChatGPT data integration to display detailed information about countries including population, flag, and region.
- **Tic Tac Toe Game:** A simple yet engaging two-player game created using React.js demonstrating state handling and event-driven interactivity.
